WEBSITE WIDGETS

Website Widgets enable you to display information from the Knowledge Manager on their website. Examples of content displayed in widgets include social posts and enhanced content lists (product and services, calendars, staff bios, menus).

POWERLISTINGS NETWORK

SOCIAL Sync your clients’ location data to their place pages like Facebook and Foursquare. If a social page does not exist for your locations on one of these sites already, the Knowledge Manager will help create and claim a new social page for that location.

SOCIAL LOCATION PAGE POSTING

Post branded content or location-specific updates on Facebook, Foursquare, and more. Schedule posts in advance and see a consolidated feed of posts across all Facebook location Pages directly in the Knowledge Manager dashboard.

DUPLICATE SUPPRESSION TOOL

Suppress duplicate listings (patented process), which alerts our data partners to duplicates according to each partner’s preferences.

REVIEW MONITORING

Leverage the Knowledge Manager direct integrations with PowerListings Network publishers to pull all your reviews, for every location, into a single dashboard — so you and you can stay informed in real time, at scale.

Ultimate

Everything in Pro +

INTELLIGENT SEARCH TRACKER

Measure not just your clients' rankings in intelligent search results, but how likely consumers are to select their business from the search results they see. Track up to 7 keywords across 4 query templates per week for each of your locations.

REVIEW GENERATION

Gain powerful reviews from your customers by inviting them to review their experience in your locations.

REVIEW INSIGHTS

Measure and act on ratings and reviews at scale. Pinpoint your best performing locations, measure review count and score over time, and much more.

REVIEW RESPONSE

Continue the conversation, improve customer relationships, and show prospects and customers alike that you are listening by responding to reviews — both those you generate with the Knowledge Manager to use on your first-party sites, and those that customers leave on Google and Facebook.

REVIEW PUBLISHING

Powered by Schema.org best practices, Knowledge Manager pre-built Review Publishing widgets add those reviews to your first-party sites — which allow search engines to display their star ratings directly in the organic SERP.

Add-On

Healthcare: Fix, update and maintain control of physician and facility information quickly and comprehensively by leveraging Yext's Healthcare integrations with leading healthcare websites including Vitals, Wellness.com, EZDoctor, DocSpot, DrScore, UCompareHealthCare and BetterDoctor to keep patients informed in their moment of need, no matter where they search.

Remember, regularly updating business listings is a crucial part of maintaining a strong online presence and attracting customers.

Online reviews significantly influence business success. Outsourcing review management harnesses experts' know-how, saving time and emphasizing your core activities. They promptly address feedback, boosting your reputation and customer trust. Beyond responding, experts monitor your online presence across platforms and help resolve issues quickly. This strategy not only shows your commitment to satisfaction and transparency but also cultivates loyal customers. Outsourcing is a wise investment, allowing your focus on business growth while professionals enhance your online reputation.

Remember, outsourcing review management can help you maintain a stellar online reputation, attract new customers, and foster loyalty among your existing customer-base.

SEARCH ENGINE OPTIMIZATION (SEO)

Search Engine Optimization

Initial	5 Keywords
Level 1	10 Key words
Level 2	15 Key words
Level 3	20 Keywords
Level 4	25+ Keywords

Achieve top search engine rankings with pay-per-result SEO, where you only pay for real results. This cost-effective strategy aligns your investment with tangible outcomes like higher rankings, increased traffic, and conversions, ensuring efficiency and measurable ROI. Benefit from tailored strategies specifically designed for your business goals without any financial risk – you only pay when you see success. Optimize your marketing efforts and drive measurable success with a performance-based approach that guarantees efficiency and maximizes your investment. Embrace pay-per-result SEO for a more cost-effective, risk-free, and result-oriented marketing campaign.

Local SEO covers most businesses, as most are local. Local means the search is happening in the same City/Town where the business is in.

E.g. AC Repair Los Angeles

We sell our SEO packages in increments of 5 keywords for each level.

Remember, pay-per-result SEO offers a performance-based approach that allows businesses to pay for tangible results. By focusing on outcomes, you can achieve higher search engine rankings, increased organic traffic, and conversions while optimizing your marketing budget for maximum impact.

SEARCH BOX OPTIMIZATION (SBO)

Elevate your online presence and multiply your digital footprint by embracing the power of search box optimization – an undisputed game-changer for thriving in the dynamic and competitive digital realm. Ascend swiftly through the search engine rankings, drawing in committed visitors, and gain a competitive edge over your market adversaries. Reap the rewards of enhanced search visibility, employing strategic keyword placement that resonates with your target audience, coupled with a seamless user interface that encourages engagement. Amplify your brand's reach and recognition across the web, leveraging the advantage of insightful analytics; statistics that enable you to fine-tune your strategies and conquer the digital arena. Streamline your journey towards becoming an online authority and efficiently solidify your status as the industry benchmark with optimized search capabilities, ensuring your business emerges as the premier destination for customers in your sector.

AI CHAT/SALES BOTS

Setup Fee: \$150 AI Chat Bots

Tier	Agents	Monthly Chats	Automated FAQs
Basic	1	300	No
Pro	2	3,000	Yes
Plus	5	30,000	Yes

Harness the power of website chatbots to elevate your customer service in the digital age. Chatbots provide immediate, 24/7 responses, ensuring quick resolution of inquiries and boosting customer satisfaction. They offer personalized interactions through customer data analysis, leading to tailored recommendations and a higher chance of conversions. Chatbots are also efficient at lead generation and qualification, collecting key visitor information for marketing follow-ups. They enhance user engagement with conversational interfaces that guide and entertain, reducing bounce rates and extending time spent on your site. With their ability to manage numerous interactions at once, chatbots are both scalable and cost-effective, requiring fewer resources than traditional support systems. Implement chatbots to differentiate your brand and improve user experience, driving significant marketing results.
